PERSONAL PROJECTS OPEN-SOURCE PROJECTS

Powerup-iOS (01/2020 – Present)

- PowerUp is an educational choose-your-own-adventure game that utilizes a users uploaded curriculum to empower pre-adolescents to take charge of their reproductive health.
- 1- I would fix its continue button by updating iOS support to 11 and make covering of safe-area which is present is iOS 11 or later.
- 2- Displays an in-app prompt that asks for a rating by using apple official instruction and API.

Amahi-iOS (12/2019 – Present)

- Amahi is a media, home and app server software known for its easy-to-use user interface. Amahi has the best media, backup and web apps for small networks.
- 1- iOS app of Amahi I configured to run as well as dark mode and light mode before configure it run only at light mode.
- 2- Displays an in-app prompt that asks for a rating by using apple official instruction and API.
- 3- And add enhancement in Video player and audio players by using different colours at different place.

Chatbot(SIH-2020) (02/2020 – Present)

- Efficient and user-friendly Chabot Based Crime Registration & Crime Awareness System for Bureau of Police Research & Development domain is Software.
- This project is all about making of a chatbot for ongoing crimes in India, as it will be under the Bureau of Police Research & Development this chatbot will tell you about what to do for which crime How to file a case or something more about it and your registration data will be directly send to the police bureau.

Titiksha (06/2019 – 08/2019)

- This is the official website of Titiksha 2k19. Titiksha is one of the largest technical festivals of North India.
- I design About page and Login page using HTML, CSS and use JS to both pages dynamic.
